Circuit City Roadshop is throwing a car show Aug. 6 2005 8am, to 8pm.

Classes consist of:

Still gonna try and make it out?

I think judging is at 1:00 but I'm gonna get there alot earlier so I can finish off the details. :)

I changed the two tens in the trunk to one 12" Solo-baric L5 yesterday.  
I'm alot happier with this setup.

Yay 3rd place all Mustang class!  
Not too bad for my first show ever.  
DAMN they took all day though, I caught a hell a sun burn.  
A guy rolled in with a Saleen and took second place.  
First place was a v6 but had mad upgrades just for shows, you know things like video screens in the trunk lid.
