

05 Corvette Procharger

Updated Tuesday, 09 December 2008

We've recently finished a Procharger install on an 05 Corvette.
With nothing more than the Procharger and our custom tune we've coaxed 500+ rwhp out of her.

Owner: J. Jenkins

Mods: Procharger P-1sc-1 with Intercooler, Aftermarket Cat back exhaust, Procharger boost gauge and AEM wideband gauge, upgraded rotors/pads.

DTP Custom tune using HP Tuners netted 505.6 rwhp and 445 rwtq at 6.4psi
